

Smart Sonic

THE "ONLY" STENCIL CLEANER

THE ONLY stencil cleaning process guaranteed to clean any type of solder paste from any fine-pitch stencil.

THE ONLY stencil cleaner verified by the U.S. EPA's Environmental Technology Verification Program for environmental safety, user safety and cleaning efficiency.

THE ONLY 100% closed-loop aqueous ultrasonic stencil cleaner. Close-loops the rinse AND wash waters.

THE ONLY stencil cleaner able to wash and rinse a 29-inch stencil in less than two minutes.

THE ONLY stencil cleaning chemistry containing no VOCs, 440-R® SMT Detergent.

THE ONLY ultrasonic stencil cleaner recommended by Permali, makers of Durostone pallet material, for the safe and effective cleaning of Durostone pallets.

THE ONLY stencil cleaning process established and remaining unchanged for over 25 years.

THE ONLY stencil cleaner using low power density ultrasonic technology for the safe and effective cleaning of populated misprinted boards.

THE ONLY stencil cleaner providing a complete proprietary process from one source: The right machine, the best chemistry and the correct waste management.

THE ONLY stencil cleaning process able to clean every solder paste introduced since 1990.

THE ONLY stencil cleaner able to clean solder paste stencils, misprinted PCBs, pallets, oven radiators and SMD adhesive stencils.

THE ONLY stencil cleaner used by more SMT assemblers than any other stencil cleaner.

THE ONLY stencil cleaner company specializing exclusively in stencil cleaning technology.
